

SNIPPETS**NTrust Infotech opens second centre**

CHENNAI: NTrust Infotech, engaged in providing IT solutions and KPO (knowledge process outsourcing) services to the real estate leasing industry, inaugurated its second knowledge centre in Chennai. Addressing presspersons here on Wednesday, Srikanth Ramachandran, CEO and President, said outsourcing in the real estate lease administration space was set to witness massive growth fuelled by rising cost of manpower and non-availability of trained professionals. The company has developed 'REAP', a comprehensive enterprise software product for corporate and retail lease administration, and 'LEAP', a unique KPO service offering in lease administration outsourcing starting from lease abstraction to critical data management.
